

Winter Parking and Snow Removal

The City of Cashmere is proud to be a walkable community with an extensive sidewalk system. Many people rely on walking to access stores, schools, bus stops, parks and their place of residence. Keeping a clear walking path available for pedestrians especially helps disabled persons, school children, and senior citizens.

In order to provide safe routes to schools and access to public transit on the main transportation corridors, the City will remove snow on the sidewalks of Cottage Avenue, Aplets Way, Division Street, Pioneer Avenue, Mission Creek Rd, Olive to Chase Street and Railroad Avenue, for the winter of 2019-2020.

All other sidewalks are to be maintained by the adjacent property owner / occupant within 24 hours after the snow has fallen on or placed. (CMC 12.12, Snow and Ice Removal)

On behalf of the citizens of Cashmere, the City asks you to take pride in the City and help us keep the sidewalks cleared in front of your property and streets clear of vehicles. We thank everyone for doing their part to make Cashmere a great city!

Pile all snow from parking areas and sidewalks into the front yard or into planter areas and around trees.

How much do I have to clear?

In commercial zones, the full sidewalk width is required to be cleared. In residential zones where there are sidewalks clear three feet in width.

Where do I put the snow?

City snow plow crews do their best to keep snow off the sidewalks but cannot keep from creating berms at each driveway. Please clear snow berms in driveways to the downstream direction of travel. This will result in the snow you shoveled being moved away from your driveway instead of plowed back into your driveway the next time a plow comes by. Snow may not be thrown or piled in the driving and parking lanes.

Winter Parking?

In order to keep the streets plowed there is No Parking on City streets from November 1st thru March 31st between the hours of 4:00 a.m. and 7:30 a.m. (CMC 10.88.010)

Thank You for your cooperation.
